The theme: "The functional Anatomy Of The Hand, Back To Basics."

The goal for the meeting: To give an overview of the functional anatomy of the hand in conjunction with common problem areas. We will focus on the treatment/ rehabilitation of these areas and how that can influence the trauma. We will also give practical tips and tricks for therapists.

Location: Hotel "Van Der Valk" in Brussels/Diegem on Saturday the 17th of November 2018.

Info / registration: www.bht.be (from the 10th of September)

Application for PQK: In progress

Symposium language: English
