

EUROPEAN FEDERATION OF SOCIETIES FOR HAND THERAPY

11th June 2017

Annual report Website Committee

It has been a very active year with the Triennial congress. To promote the congress many congress updates have been created in collaboration with Hans Van De Bergh (former Committee member but still willing to help if necessary). Next to these congress-posts I tried to share as much interesting posts I could find with our followers.

At the moment, we have about 500 Facebook followers and the same with Linked-in and Twitter. A difficult issue is the selection of the information. What can we share as a federation and what not? At the moment, I only share National Society linked information and non-commercial posts. With exception of information of our sponsors when it is hand related.

I hope the adaptation for the website will be approved by the members as this would reduce all additional work a lot and it would support the idea of having a federation members working closer together.

Please keep the committee updated of all your national society hand related activities.

kind regards

Paul
